Step 1: Check Course Offerings

Course information is available online in the [University Time Schedule](#).

NOTE: The UW no longer offers a paper catalog of course offerings.

UNIVERSITY TIME SCHEDULE

- **Select the quarter and year:** A list of schools and departments will be displayed.
- **Select the department and course abbreviation:** A listing of available courses will be displayed.
- **Schedule Line Number (SLN):** Each course section has a five-digit SLN. Students with a UW NetID can click on the SLN to view course details such as the most current space availability.
- **Registration Restrictions:** Take note of any special registration restrictions, such as no auditors or an entry code requirement which is noted with a “>” symbol next to the SLN.
- **Department contacts:** Course specific questions or entry code requests must be directed to the department or instructor. Department contacts may be found in the [UW Office Directory](#) and specific instructors may be found in the [UW Directory](#).
- **Question Section (QZ):** Lecture sections (LC) may include a QZ section. ACCESS students will need to be registered for both sections but do not actually attend the QZ. *Please include an open quiz section on the registration form.*

Course Limitations

An **Entry Code** is a 5-digit number used for course registration, if required by the course. Entry codes are obtained from the instructor or department, can only be used once, and must be provided on the ACCESS registration form when necessary.

Courses which require entry codes

- 500 level courses always require entry codes.
- Courses which are full require an entry code to overload the class. It is up to the department's discretion to overload their courses.
- Courses with a ">" symbol next to the SLN on the Time Schedule require an entry code.

Step 3: ACCESS Registration – Online or PDF

ACCESS students have two ways to submit a registration form – online or PDF.

- Credit/debit card and Webcheck payments can be made in the **Accounts** section of [MyUW](#).
[UW NetID required]
- Students cannot pay until they have been registered. Payment cannot be accepted ahead of time and/or with the registration form.

Step 5: Payment & Fees

Registration Fee	ACCESS students may enroll for a maximum of two courses per quarter with a registration fee of \$5 . Note: Registration fees are not refundable.
Course Fees	Some departments impose course fees and in most cases the student is responsible for the paying the fee. ACCESS students are encouraged to check with the department regarding course fees and how it applies to Auditors. Additionally, the Office of the University Registrar may provide an explanation of these additional fees.
Student Technology Fee (STF)	ACCESS students will also pay the STF, which is an additional fee of approximately \$4 per credit in addition to the registration fee. The STF allows registered students access to computer labs, technology resources, and certain campus-wide services funded by the Student Technology Fee Committee. For example, an ACCESS student auditing a 5 credit class will pay approximately \$25 per quarter with both fees. Note: The STF is subject to the same rules as tuition forfeiture .
Services and Activities Fee (SAF)	ACCESS students DO NOT pay SAF and are therefore not entitled to participate in or receive student pricing for UW programs and/or services which are funded by SAF. SAF funded programs include, but are not limited to, ASUW & GPSS events or services, Universal U-Pass pricing, Student Publications, Student Loan Fund, Hall Health Primary Care Center, recreational sports programs, the IMA, childcare, Student Legal Services, Ethnic Cultural Center, Husky Union Building (HUB) facilities, and UW CARES.
